

DETAILS OF BUSINESS

The Gas Transmission Business of Gujarat State Petronet Limited has been demerged into GSPL Transmission Limited, pursuant to the Order of the Ministry of Corporate Affairs (MCA) granting its approval to the Composite Scheme of Arrangement with effect from 1st May 2026. From 1st May 2026, Gujarat State Petronet Limited has ceased to exist.

GTL is engaged in the business of transmission of natural gas through pipeline on an open access basis from supply points to demand centers. GTL has the primary objective to connect various supply sources and users of natural gas in Gujarat through gas pipeline network. GTL operates a medium-to-high pressure natural gas transmission grid comprising approximately 2878 kms (as on 31st March 2026) of pipeline network.

GTL is currently implementing various CGD connectivities, viz. Bhavnagar district, Narmada district (Vantevad - Rajpipla Pipeline), Ahmedabad Rural (Bhayla Connectivity etc.) Besides GTL is implementing various source connectivities viz. Jamnagar Dwarka Pipeline (98 km), Anjar Palanpur Pipeline (284 km), Dahej Bhadbhut Pipeline (35 km) to connect various sources like Sun Petro, PLL Dahej, Mundra LNG, to various regions in Gujarat and also connecting GIGL network for transporting gas to north India. Several customers in many industrial regions across Gujarat, including Dahej SEZ are receiving gas through Company's network with more getting connected on a regular basis.

In future, GTL also envisages to connect other regions in the gas grid, viz. Kunkavav (Amreli Kunkavav Pipeline) Mandvi (Mundra Mandvi Pipeline) and Tarapur (Vapi Tarapur Pipeline).
